

PERSONNEL QUALIFICATIONS

Robert Vilan | Senior Specialist

EXPERIENCE

Robert Vilan has extensive experience in the evaluation and performance testing of curtain walls and various facade systems. Before joining WJE, he managed and performed laboratory mock-up testing on behalf of Intertek. This testing encompassed all aspects of performance, including but not limited to, air, water, structural, and thermal tests. Mr. Vilan possesses skills in operating heavy equipment, welding, and mechanics. He is instrumental in providing field technician services, bringing together knowledge and hands-on experience to WJE's construction-related services.

PRACTICE AREAS

- Laboratory Mock-Up Testing
- Construction Observation
- Field Performance Testing
